

Impromptu Encounters!
with
Ali Ryerson and Matthias Ziegler
Friday March 27th, 6:00pm Eastern

This event features a live duo improvisation Ali and Matthias recorded telematically for this 2026 ILFF festival, plus their 2021 NFA convention telematic performance.

They will talk about their "story" as a duo, which began over 10 years ago, and touch on all of their collaborations, plus a talk about how they approach their duo improvisations.

They will also share some fun photos from their performances.

Selections to be announced from the stage.
